

BIOLOGY RESEARCH & LABORATORY EXPERIENCE

with Dr. Kevin Bao

 June 17–19, 2026 |  Princeton, NJ

A 3-day day camp for highly accomplished middle school and high school students passionate about biology and research.

MEET YOUR INSTRUCTOR

Dr. Kevin Bao

 Ph.D. in Genetics,
University of Wisconsin–Madison

 Harvard University '19
Integrative Biology

A 2x Science Olympiad National Champion and 3x USA Biology Olympiad finalist in high school. Founder of the Harvard Undergraduate Science Olympiad Invitational. Kevin has successfully mentored national champions and International Biology Olympiad medalists.

He is excited to share his experience and passion for biology with the next generation!

PROGRAM HIGHLIGHTS

-  Microbiology Labs
-  Molecular Biology Labs
